- Process Documentation
- Sarbanes Oxley Documentation
- Quick Start Documentation
- SDK Kits
- Man Pages and Command Line Help

## PROFESSIONAL SUMMARY *(Continued)*

Six years of systems administration experience, including UNIX, Linux, Windows NT, Windows 95/98/3.1, and DOS/Novell: office automation, networking solutions; manufacturing, database & integrated accounting systems, including:

- Desktop and Server operations
- Hardware / Network Upgrade Management
- Enterprise Software Management
- Network Security and Policy Management
- Software Evaluation and Testing

Four years of accounting and financial system design, cash flow management, troubleshooting, financial analysis, vendor/creditor negotiations, policy and procedural development, A/R, A/P, G/L, I/N, F/A, interstate P/R, tax reporting and training accounting/bookkeeping staff.

Four years of manufacturing management: computer operations, purchasing, scheduling, communications and coordination between departments.

---

## SUMMARY of SKILLS:

### Instructional Design

Learning Objectives ... Blended learning solutions ... Online curriculum development ... ILT development ... Syllabus conformance evaluations ... Competency analysis ... Distance learning activities ... Assessments ... Course planning ... Test methodology ... Metrics and evaluations ... Train-the-Trainer ... LMS / LCMS ...

### Technical Communication

Technical writing ... Systems design & management ... Single source documentation ... Editing ... Internet publication ... Sarbanes – Oxley documentation ... Online help systems ... Procedural references ... Localization ... Chicago Manual of Style ... AP Style Book ... Microsoft Manual of Style ... Boeing Manual of Style ... Other style references ... Concordances ...

### Web Development & Graphics

Web site management ... HTML / SGML / XML / XHTML / PHP / Cold Fusion ... Apache Web server ... Web site analysis ... W3C standards ... Web content development ... Perl / CGI ... Configuration management ... Image manipulation ... Graphics optimization ... OutStart Evolution ... Single Source Development ...

### Computer O/S & Languages

Linux (Red Hat / SuSE) ... UNIX (Solaris / HP-UX / SCO) ... X-Windows ... Shell Scripts ... Microsoft Windows 10/8/7/2000/NT ... LaTeX ... VMWare ...

## SUMMARY OF SKILLS *(Continued)*

### Tools

FrameMaker ... Structured FrameMaker (SGML / XML) ... Microsoft Office Pro: MS-Project, Excel, Access, Power Point, MS-Query, Outlook ... Kile .. LyX ... LaTeX ... Open Office ... Dreamweaver ... Camtasia ... Quanta Pro ... HTML - Kit ... Homesite ... Pagemaker ... Lotus Notes ... Search Maker Pro ... Photoshop ... Adobe Illustrator ... GIMP ... GNU Tools ... Articulate ...

### Other

Project Management ... Training Operations ... Netscape ... Internet Explorer ... ISO Compliance ... Totara Administration ...

## CHRONOLOGY:

Philips Healthcare; Bothell, Washington 2006 - Present

### **TECHNICAL CURRICULUM DESIGNER / LEARNING LEAD**
